

Mobile Medical Unit: Access Healthcare Anywhere

Emphasizing mobility and service, echoing the compelling simplicity of mobile medical outreach.

At SUNSHINE HEALTH CARE, our Mobile Medical Units bring clinic-level care directly to communities—with fully equipped ambulances that deliver diagnostics, treatment, and preventive services on the move—featuring integrated vital-sign screening, telemedicine support, and compact consultation facilities to ensure reliable and responsive healthcare outreach.

About Mobile Medical Unit

Our Mobile Medical Unit (MMU) ambulance vans are transforming healthcare delivery by bringing critical services directly to underserved and remote communities. These mobile clinics break down geographic barriers—eliminating long and costly journeys to hospitals or clinics—by delivering care where people live and work. Equipped for preventive screenings, diagnostics, immunizations, and even telemedicine consultations, they catch health issues early and reduce unnecessary emergency visits.
